"Breaking Bad's" Giancarlo Esposito Takes Us On Another Epic Ride. By Barb Oates

TV fans will forever be indebted to Giancarlo Esposito for creating one of the most unassuming, chilling villains in TV history for his role as Gus Fring on *Breaking Bad* and its prequel *Better Call Saul*, both ratings juggernauts for AMC. His latest role has been an eight-year journey in the making where he returns to AMC as another memorable character, this time as Gracian "Gray" Parish in the high-octane crime thriller *Parish* (Sundays beginning March 31).

The six-episode series is based on the U.K. series *The Driver* and tells the story of an everyman who, after his son is violently murdered, encounters an old friend (Skeet Ulrich) and returns to old habits from his past criminal life.

"The original show *The Driver* by Danny Brocklehurst was very moving to me, but I wanted to create something a little more soulful," Esposito tells. "I was driven and guided by a lot of my own personal reflection on my life, and I knew that I wanted to make a show about an everyman who was faced with incredible possibilities that just weren't working out. Dream deferred, someone who was just busted and broken, and that everyman who has to somehow rise to become an extraordinary man. So, from my particular

background, having a marriage that failed, four beautiful daughters and not being able to provide for them and going bankrupt was all kind of the fodder for my thoughts and feelings surrounding, infusing Parish with that kind of predicament, dilemma, and heartbreaking situation."

You absolutely feel for Parish — the heartbreak he endures with losing a child, the frustrations of trying to keep your business afloat amid industry change, and the commitment to provide for your family both emotionally and financially when nothing is going your way. Your stomach also turns, and you cringe over some of the decisions he makes.

"I think it's in line with what people need right now," says Esposito of the narrative. "I'm tired of being a passenger in my own life. That's strong stuff. That means you got to stand up and change it and make it different. Now for Gracian Parish, he took the gig and then he saw behind the veil and then he went, 'Oh, oops. What did I do? Uh-oh.' And I love this story for those reasons. He's got to fight his way out and it may take a long time and he's got to do some things that might be, more than likely will be, reprehensible for him to get out."

Enjoy A Classic As ABC Airs "The Ten Commandments"

Nearly every year since 1973, with a few exceptions, ABC has re-aired this gigantic 1956 Best Picture Oscar-nominated religious epic on or around Easter — even though it relates more to the Passover holiday, given that its story comes from the Old Testament book of Exodus about Moses' (Charlton Heston) deliverance of the Israelites from slavery at the hands of Egyptian pharaoh Rameses II (Yul Brynner). That tradition continues this year, as the network airs director Cecil B. DeMille's *The Ten Commandments* on Saturday, March 30 (the night before Easter) — ABC has it scheduled in a four-hour-and-44-minute time slot! From an era in which biblical epics were common in Hollywood, DeMille's work is one of the few that remains so highly watched and beloved to this day. Along with Heston in his iconic role as Moses (and as the voice of God via the burning bush) and Brynner, the film is also star-studded with the likes of Anne Baxter, an oddly cast Edward G. Robinson, Yvonne De Carlo, Debra Paget, John Derek, Vincent Price, John Carradine and more.

EXTRA

Turner Classic Movies will be celebrating the 100th anniversary of MGM Studios this month with a large selection of MGM's greatest hits, starting with its first ever release, *Ben-Hur: A Tale of the Christ*, which was a major success in 1925 (as was its remake in 1959) and employed many future movie stars such as John and Lionel Barrymore, Joan Crawford, Gary Cooper, and Marion Davies. Metro-Goldwyn-Mayer was founded in April 1924 when American business magnate Marcus Loew combined Metro Pictures, Goldwyn Pictures and Louis B. Mayer Pictures into one company and hired a slew of well-known actors under contract with the slogan "More stars than there are in heaven."

Throughout the month of April, TCM will air many of MGM's biggest hits including 1939's *Gone With the Wind*. The scope of the film, including the burning of Atlanta, was nearly unprecedented for its time, and upon its release, *GWTTW* became the industry's highest-grossing film. Also part of the lineup and from 1939 is *The Wizard of Oz*, a classic among classics. The musical adaptation of L. Frank Baum's fantasy actually became more famous on the small screen than it ever did when first released in movie theaters in late summer. Generations anticipated each yearly TV broadcast showing as a family event, and every time Judy Garland's Dorothy emerged "Over the Rainbow" from sepia-toned Kansas into the Technicolor wonderland of Oz, audiences were thrilled.

Once the world's largest and most profitable studio, MGM reached its peak in the 1950s, undergoing management changes in the 1960s and then selling off many assets in the 1970s, but it is still home to some of the greatest films of all time.

MGM's biggest hits

Grand Hotel (Monday, April 1)
Goodbye, Mr. Chips (Monday, April 8)
The Wizard of Oz (Monday, April 8)
Gone With the Wind (Sunday, April 14)
Meet Me in St. Louis (Monday, April 15)
Father of the Bride (Monday, April 15)
Singin' in the Rain (Monday, April 15)
Cat on a Hot Tin Roof (Monday, April 15, late night)
Doctor Zhivago (Monday, April 22)
How the West Was Won (Monday, April 22)
2001: A Space Odyssey (Monday, April 22)
Moonstruck (Monday, April 29)
Fame (Monday, April 29, late night)

DID YOU KNOW?

with Rick Gables

Starz will premiere its highly anticipated drama *Mary & George* on Friday, April 5 at 9 PM ET/PT. Starring Academy Award winner Julianne Moore and Nicholas Galitzine, the 7-part limited series is inspired by the scandalous true story of a treacherous mother and son who schemed, seduced and killed to conquer the Court of England: Mary Villiers (Moore), Countess of Buckingham, who in 17th century England with her son, George (Galitzine), seduced King James I (Tony Curran). Through outrageous scheming, the pair rose from humble beginnings to become some of the richest, most titled and influential players the English court had ever seen, and the King's most trusted advisers. George, along with his mother, felt destined to make his mark on history. This audacious drama is supported by a very talented ensemble cast.

Hallmark Channel will premiere its new movie *An Easter Bloom*, starring Aimee Teegarden and Benjamin Hollingsworth, this Saturday, March 30 at 8 PM ET/PT. Amanda (Teegarden), a young gardener, is charged with saving her family flower farm. She decides to compete in the annual Easter flower arrangement competition and teams up with a veteran florist. She then meets the florist's son Derrick (Hollingsworth), a minister at the local church, who helps renew her beliefs and find comfort in her faith, while Amanda helps him find the most authentic version of himself. Is there a special Easter season in the offing for Amanda and Derrick?

Get ready to laugh as George Lopez and his daughter, Mayan, return for season 2 of *Lopez vs Lopez*, premiering on NBC Tuesday, April 2 with back-to-back episodes at 8 and 8:30 PM ET/PT, airing next day on Peacock. Fun abounds in this dysfunctional family comedy. This time there will be big life changes for Mayan and the whole Lopez family, while George takes his first step to sobriety. The cast also includes Selenis Leyva, Matt Shively, Brice Gonzalez and Al Madrigal. During the new season, guest stars will include Gabriel "Fluffy" Iglesias, Diana Maria Riva and Marshawn Lynch.

POLLYANNA MCINTOSH

Of "The Walking Dead: The Ones Who Live"

By Barb Oates

© 2020 AMC Film Holdings, LLC. All Rights Reserved

Fans of *The Walking Dead* have been waiting for-ev-er to find out what happened to Rick Grimes (Andrew Lincoln), and as his story plays out in AMC's limited series *The Walking Dead: The Ones Who Live* (Sundays), we caught up with Pollyanna McIntosh to talk about her character Jadis and what's in store.

1. On an emotional level, how should we prepare for the final episodes? I would say watch it with somebody you can squeeze the hand of, that you can hide in the shoulder of, and that will be there to hold you when you're having a good cry.

2. How satisfied are you with the series and the ending? I'm very satisfied. There's some extraordinary stuff in there. And there's a lot of action, which I love — you can see and feel it and understand what's happening and be in the moment with the characters.

3. You've played many dark characters in your career. What scares you, if anything? Cruelty. Cruelty scares me and that capacity that we have for it. And on a lighter note, sometimes scary movies, just scary, scary shows. They really do scare me because I get so involved in it. ... I invest pretty hard in what I'm watching and what I'm experiencing. So I need somebody with me when I watch scary stuff.

4. Tell us about a time when you were starstruck. I used to model when I was younger and moved away from home to London from Scotland. I was at this house party in Chelsea, and I swear to God, these people did not know the hosts of the party. They were just walking by and saw a party going on and decided to get involved. It was great. I opened the front door of the flat, and Laurence Fishburne, Gary Oldman and Helena Christensen were there. Actually, funnily enough, Helena is the mother of Norman Reedus' boy. I hadn't really thought of that until now. Anyway, they were all there and just stood there going, "What's going on?" and I was like, "Come in. Can I get you a drink?" ... I mean, I was so starstruck. I was starstruck by all of them, but Gary Oldman really made me so bashful because I fancied him.

5. What did you keep from the set of the original *The Walking Dead* when it ended, if anything? Brion, my right-hand man on the flagship show, he had a duck whistle that he used in an episode, and I asked the props to give me his whistle. ... I still have that. I kept that. From *World Beyond*, I kept her gloves. And from this one, just good memories and my real hair.

This Lamp Is A Sight For Sore Eyes!

Last year, my father actually gave up on reading – the eyestrain was just overwhelming. But now, with this lamp, Dad can even read his newspaper again. Thanks for delivering on everything stated in your ads and restoring my father's favorite hobby – reading!"

– Sara H.
Arlington, Va.

THE KEEP IT SIMPLE! KIS Lamp

MyLight has combined classic lamp design with a revolutionary light source. The combination delivers exponentially more light for reading or any other task.

Underlighting is overrated

In your lamps, the new "retrofit" CFL and LED bulbs do not produce the same amount of task light as ordinary bulbs. Just as we've gotten older and our eyesight has declined, **OUR LIGHT HAS FAILED US.**

YOU NEED:

- A quantity and quality of light geared to better contrast and clarity for older eyes.
- Less glare in your field of vision

Only 32 WATTS

Compare to any lamp at any price.

SPECIAL OFFER
includes KIS lamp, (5) bulbs, lampshade and LED Dimmer.

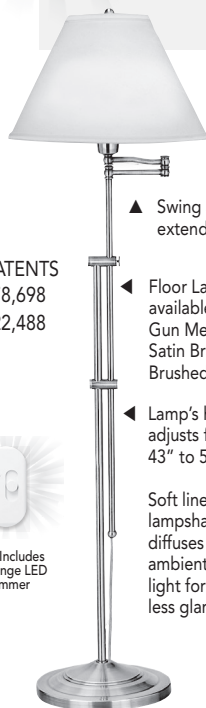

Easy assembly. Lamp column simply screws into the base.

The Lamplight light source focuses light exactly where it's needed.

Table Lamps available in SATIN BRASS (shown) or BRUSHED SILVER

This revolutionary lighting solution will deliver up to 10 times more light than the single bulb you are now using – **for only 32 watts!**

Its patented LED bulb array may appear to be "upside down" – but the 4 bulb spread of light is actually down and out, perfect for task light.

◀ Table lamp height adjusts from 27" to 32"

KIS is also the perfect desk lamp for glare and brightness control.

Seeing is Believing 100% risk free trial and 3 year guarantee

Nathan Fillion, an Aries (born Mar. 27), of "The Rookie"

ARIES (March 21 - April 19)
Stop whatever you're doing right now and close your eyes and imagine your ideal scenario for your working life or whatever it is that you do that you're 'known for' in the coming year. Focus on that this week. Once you're clear on your intentions, you can manifest them.

TAURUS (April 20 - May 20)
If you can get far, far away from it all this week, it'll do you a lot of good! And if you can't get away, see if you can do something at home that somehow broadens your horizons. It could be meeting someone well-travelled or studying something mind-opening. Seek perspective!

GEMINI (May 21 - June 20)
Don't worry if you're feeling a big confused at the start of the week. Just go with it. Sometimes we need to live with uncertainty, personal and/or professional. Instead of trying too hard to make a decision, feel your feelings. They will inform your next best move. Be patient with yourself.

CANCER (June 21 - July 22)
There's powerful new energy around you right now, and it's offering you the chance to create your own romantic 'destiny' (except it's not really destiny, since you're creating it with your thoughts and desires, right?) Tap into it by asking yourself what you want from love in 2024. Love to love.

LEO (July 23 - Aug. 22)
Once a year you get a chance to start all over again I don't just mean because it's a new year. Rather, the January New Moon will trigger your Daily Life Zone. So how do you want 2024 to play out in terms of routines and timetables? Decide now!

VIRGO (Aug. 23 - Sept. 22)
It would be a bit rash to promise you a super romantic week. Because even though you have some lovely and romantic stars right

now, the big astrological picture is serious and demanding Saturn making you work harder for all your relationships. You get back what you put into love.

LIBRA (Sept. 23 - Oct. 22)
This is the week to start over with your home and family. If life became tense during the silly season, tell yourself (and close friends and family) "that was then and this is now - and now can be different". A restart is possible with the people who matter most to you.

SCORPIO (Oct. 23 - Nov. 21)
The sooner you realize that you're creating your life with your thoughts, feelings and words, the better! Don't believe me? Pay close attention now to your expectations about a special someone or something. The more you fear the worst, the more likely you'll get the worst. You can't fool the Universe!

SAGITTARIUS (Nov. 22 - Dec. 21)
There's a new start coming for you when it comes to cash, property and possessions. So take a moment to make a list of your financial aims and goals for the year ahead. Then make a bullet points about small steps you can take. Come with a plan or leave in defeat!

CAPRICORN (Dec. 22 - Jan. 19)
You will soon have a chance to start all over again in every part of your life. Expect to feel a rush of new vitality. Be optimistic about the year ahead - the stars are on your side. Thinking positively is key. This really is a turnaround year for you. Claim it!

AQUARIUS (Jan. 20 - Feb. 18)
Avoid allowing fears and worries to overwhelm you this week. Look at what's scaring you and deal with it, rather than going into a spiral. And if there is nothing you can do to change whatever is bothering you, accept that it's a ride to somewhere better. Trust the process!

PISCES (Feb. 19 - March 20)
So how's your social life? If it could use a boost, that will come soon. Reach out to the people you love - don't always wait for others to reach out to you! And even if things have been a bit upsetting with one friend, change is possible. Prepare to party!

CBS Renews "The Young And The Restless" For Four More Years

Soap opera viewers have cause to celebrate these days. CBS has renewed *The Young and the Restless* for four more years, taking it through the 2027-28 TV season. Get ready for more drama with the Abbotts, Newmans, Winterses, and their friends and foes.

"*The Young and the Restless* has been a staple of daytime television for over 50 years, and it is with great pleasure that we will continue that legacy at CBS," Amy Reisenbach, president of CBS Entertainment, said in a statement. "The talented cast and writers deliver compelling performances and stories on a daily basis and have provided iconic moments that have kept the show on top of the ratings and thrilled generations of fans for over five decades."

"I've been coming to this studio for 44 years," Eric Braeden (Victor) shared in an Instagram reel following the pickup announcement. "And, now, we have another four years. How wonderful is that? That's thanks to you — all of you, our loyal fans."

"And we will never take any of this for granted," Braeden continued. "In today's world, you can't take anything for granted and in the changing world of media seemingly nothing is permanent. ... Thank you for your loyalty."

"NATAS congratulates *Y&R* on their renewal for an additional four seasons," said Adam Sharp, president and CEO of the National Academy of Television Arts & Sciences. "*Y&R* and the Daytime Emmys celebrated golden anniversaries together in 2023, and it is so gratifying to see the continued passion for daytime television stay so strong."

Y&R is averaging 3.5 million viewers this season and has been the No. 1 rated daytime drama since December 1988.

New Soap "The Gates" Gets Announced

There's more good news for soap fans. Deadline reports that CBS Studios, the NAACP and P&G Studios are developing *The Gates*, a new daytime drama from former *The Bold and the Beautiful* and *General Hospital* writer Michele Val Jean. The show is set to follow the lives and loves of a wealthy Black family in a posh, gated community. No word yet on where the show will fall in the CBS lineup or when it will premiere.

ARE THERE MORE SHOWS WITH SUBTITLES?

Question: I wanted to like AMC's *Monsieur Spade* but the episodes contained so much subtitled, I'm done. I miss out on screen action and facial expressions. Is it just me? -D.

Matt Roush: Because of the increasingly global nature of TV, it's quite possible you are seeing more instances of mainstream TV with subtitled dialogue. For me, it adds an authenticity to not have characters speaking stilted English with a forced accent. *Monsieur Spade* was a nice surprise, in part because the characters often spoke in their actual dialect. All I can add to this is that if subtitles are your third rail, you should stay far away from FX's magnificent remake of *Shogun*, which leans heavily into Japanese characters speaking Japanese, and you need to watch the screen or you'll have no idea what's going on. In this case, it's worth it.

Question: What do you think the odds are of *Quantum Leap* being renewed? -Mark

Matt Roush: It's getting harder to read the tea leaves, but I'd be surprised if they didn't stick with the *Quantum Leap* reboot or at least give it some runway for an endgame. It's too good a franchise to cut loose this abruptly.

Lovers and Liars

9 pm on CW

Series Premiere

This brand-new game show drops three men and 24 women on a tropical island, offering each a chance to fall in love – and a chance to win \$100,000. The hitch? Only half of the women are looking for love; the other half are just there to win the cash.

Rock the Block

9 pm on HGTV

Beauty is only skin deep. However, when trying to entice buyers and the judges, how these renovation experts handle the exteriors of their projects will have a huge impact on the final results. Former winner Michel Smith Boyd and Veronica Valencia judge.

Deal or No Deal Island

10 pm on NBC

You always knew the Banker was pocketing extra cash from the original game show. So when host Joe Manganiello has the contestants look for the more than 100 cases scattered across the island, you know they could be filled with major amounts of cash.

Independent Lens

10 pm on PBS

This new documentary follows a crew of Oaxacan guest workers who left their homes to come to the United States to plant trees over the course of eight months. The physical challenges and the isolation, coupled with missing family, takes its toll.

CHEERS TO HALLMARK'S 'LOVEUARY.'

Not content to just own Christmas, the net doubled down on Valentine's Day with a February slate of originals inspired by author Jane Austen, including a PBS-worthy adaptation of *Sense and Sensibility* (above).

CHEERS TO THE ROOKIE

for protecting and serving the fans. Now in its sixth season, ABC's LAPD dramedy is hotter than ever, thanks to the fun-filled 100th episode's wedding of Officer John Nolan (Nathan Fillion) and firefighter boo Bailey Nune (Jenna Dewan, above, with Fillion), as well as the official coupledom of the beloved partners known as "Chenford" (Melissa O'Neil and Eric Winter).

JEERS TO TOO LIMITED SERIES.

After the rushed reveal of who killed those arctic researchers, it was clear that HBO's *True Detective: Night Country* (starring Jodie Foster, below) needed more than six episodes. And after being reminded of Andrew Lincoln and Danaï Gurira's chemistry, we also want more of AMC's *The Walking Dead: The Ones Who Live*.

JEERS TO YOUNG SHELDON'S

foreign allegiance. It seems like a waste of a final season for CBS's *Big Bang Theory* prequel to focus on Sheldon (Iain Armitage, right) studying abroad in Germany. You'd think he'd want to spend as much time as possible with his family back home in Texas before the show ends.

5 Expert Tips for Choosing Incontinence Underwear

By Judith Miller

Living with bladder leaks can be challenging, but finding the right incontinence underwear can make a big difference in your comfort and confidence. Here are 5 tips that our experts always look for when shopping for better bladder protection:

1. Absorbency: If you tend to have higher absorbency needs, look for “overnight” underwear, whether you plan to use them day or night. Because Market’s Overnight Underwear holds up to 6 cups of liquid, the equivalent of nearly 2 bottles of wine.

2. Leak guards: Leak guards are additional pieces of absorbent material that surround the leg cuffs to prevent unwanted leaks. Always look for products with reinforced leak guards.

3. Skin-friendly materials: Some incontinence underwear can cause irritation and discomfort, especially for those with sensitive skin. Look for latex-free underwear made from soft, breathable materials. Because Market’s pads and underwear are latex-free and sensitive skin-friendly.

4. Fit and comfort: Over 50% of leaks are due to incorrect fit. Look for underwear with a snug, but not too tight fit. Top brands will offer underwear with a range of sizes and fits to ensure maximum comfort. Because Market offers sizes S to XXL.

5. Price: Incontinence underwear can be expensive, so consider the price per piece when shopping for the right product. Some brands will even offer a free pack to try.

Seriously absorbent underwear.

Popular CoQ10 Pills Leave Millions Suffering

Could this newly-discovered brain fuel solve America's worsening memory crisis?

PALM BEACH, FLORIDA — Millions of Americans take the supplement known as CoQ10. It's the coenzyme that supercharges the "energy factories" in your cells known as *mitochondria*. But there's a serious flaw that's leaving millions unsatisfied.

As you age, your mitochondria break down and fail to produce energy. In a revealing study, a team of researchers showed that 95 percent of the mitochondria in a 90-year-old man were damaged, compared to almost no damage in the mitochondria of a 5-year-old.

Taking CoQ10 alone is not enough to solve this problem. Because as powerful as CoQ10 is, there's one critical thing it fails to do: it can't create new mitochondria to replace the ones you lost.

And that's bad news for Americans all over the country. The loss of cellular energy is a problem for the memory concerns people face as they get older.

"We had no way of replacing lost mitochondria until a recent discovery changed everything," says Dr. Al Sears, founder and medical director of the Sears Institute for Anti-Aging Medicine in Palm Beach, Florida. "Researchers discovered the only nutrient known to modern science that has the power to trigger the growth of new mitochondria."

Why Taking CoQ10 is Not Enough

Dr. Sears explains, "This new discovery is so powerful, it can multiply your mitochondria by 55 percent in just a few weeks. That's the equivalent of restoring decades of lost brain power."

This exciting nutrient — called PQQ (*pyrroloquinoline quinone*) — is the driving force behind a revolution in aging. When paired with CoQ10, this dynamic duo has the power to reverse the age-related memory losses you may have thought were beyond your control.

Dr. Sears pioneered a new formula — called **Ultra Accel II** — that combines both CoQ10 and PQQ to support maximum cellular energy and the normal growth of new mitochondria. **Ultra Accel II** is the first of its kind to address both problems and is already creating huge demand.

Over 47 million doses have been shipped to men and women across the country and sales continue to climb for this much sought-after brain fuel. In fact, demand has been so overwhelming that inventories repeatedly sell out. But a closer look at **Ultra Accel II** reveals there are good reasons why

sales are booming.

Science Confirms the Many Benefits of PQQ

The medical journal *Biochemical Pharmacology* reports that PQQ is up to 5,000 times more efficient in sustaining energy production than common antioxidants. With the ability to keep every cell in your body operating at full strength, **Ultra Accel II** delivers more than just added brain power and a faster memory.

People feel more energetic, more alert, and don't need naps in the afternoon. The boost in cellular energy generates more power to your heart, lungs, muscles, and more.

"With the PQQ in Ultra Accel, I have energy I never thought possible at my age," says Colleen R., one of Dr. Sears's patients. "I'm in my 70s but feel 40 again. I think clearly, move with real energy and sleep like a baby."

The response has been overwhelmingly positive, and Dr. Sears receives countless emails from his patients and readers. "My patients tell me they feel better than they have in years. This is ideal for people who are feeling old and run down, or for those who feel more forgetful. It surprises many that you can add healthy and productive years to your life simply by taking **Ultra Accel II** every day."

You may have seen Dr. Sears on television or read one of his 12 best-selling books. Or you may have seen him speak at the 2016 WPBF 25 Health and Wellness Festival in South Florida, featuring Dr. Oz and special guest Suzanne Somers. Thousands of people attended Dr. Sears's lecture on anti-aging breakthroughs and waited in line for hours during his book signing at the event.

Will Ultra Accel II Multiply Your Energy?

Ultra Accel II is turning everything we thought we knew about youthful energy on its head. Especially for people over age 50. In less than 30 seconds every morning, you can harness the power of this breakthrough discovery to restore peak energy and your "spark for life."

So, if you've noticed less energy as you've gotten older, and you want an easy way to reclaim your youthful edge, this new opportunity will feel like blessed relief.

The secret is the "energy multiplying" molecule that activates a dormant gene in your body that declines with age, which

then instructs your cells to pump out fresh energy from the inside-out. This growth of new "energy factories" in your cells is called mitochondrial biogenesis.

Instead of falling victim to that afternoon slump, you enjoy sharp-as-a-tack focus, memory, and concentration from sunup to sundown. And you get more done in a day than most do in a week. Regardless of how exhausting the world is now.

Dr. Sears reports, "The most rewarding aspect of practicing medicine is watching my patients get the joy back in their lives. **Ultra Accel II** sends a wake-up call to every cell in their bodies... And they actually feel young again."

And his patients agree. "I noticed a difference within a few days," says Jerry from Ft. Pierce, Florida. "My endurance has almost doubled, and I feel it mentally, too. There's a clarity and sense of well-being in my life that I've never experienced before."
